# **BALANCE** IS KEY TO STABILITY AND SUCCESS

Founded in 2002, Imap is an Agent of Service By Air Inc., a privately held company, with Corporate Headquarters in Woodbury, New York. Together, we've developed a unique approach to freight forwarding that is cost-effective and customer service oriented. We strive to exceed the industry standards while keeping a close watch on our own efficiency and effectiveness. This takes commitment, dedication and hard work on the part of everyone. As the world gets smaller and technology makes information more accurate and available, we continue to develop new and creative ways to meet your transportation needs.
